

Class EA for the 30th Sideroad

Client: Town of Innisfil

**Location: Bay Point Road to Kempenfelt Bay, Town of Innisfil,
County of Simcoe**

**Services: Municipal Class Environmental Assessment, Preliminary
Design of Roadway and Drainage Services**

The Jones Consulting Group Ltd. was retained by the Town of Innisfil to undertake a Municipal Class Environmental Assessment for the proposed reconstruction of the 30th Sideroad from Big Bay Point Road to Kempenfelt Bay. The project included an investigation and assessment of reconstruction of 30th Sideroad and included drainage improvements and road widening considerations.

The study followed the municipal class environmental assessment process for municipal roadways as set out in the Municipal Engineering Association documentation. The scope of the work included various designs with alternative lane, drainage and road alignment configurations. The Jones Consulting Group prepared public meeting information and addressed questions and concerns at the public meetings. A summary and recommendation was made based on the results of the consultation process with the Town, Regulatory Agencies and Public.
