

Maple Woodlands

Client: Mason Homes

Location: Veteran's Drive, Barrie

Services: Preliminary and Final Residential Subdivision Design, Project Management, Stormwater Management Plan Design, Site and Contract Administration

The Jones Consulting Group was retained by Mason Homes to complete topographic Plan of Subdivision, and design of necessary municipal servicing for this site in the south end of Barrie. The subdivision introduced the concept of "New Urbanism" to the City of Barrie. Subsequently, it is seen as a pilot project by introducing a subdivision built for pedestrians and reintroducing architectural features such as porches and recessed garages.

The majority of municipal works was successfully completed during the summer of 2003, The Jones Consulting Group continues to contribute to the ongoing success of this project.
